Section II, Service and Programs

SCKLS Mission Statement

The mission of the South Central Kansas Library System is to assist member libraries to provide excellent service to their communities. SCKLS provides grants, consulting, continuing education and cost-effective support services to its member libraries.

SCKLS General Goals

The general goals of SCKLS are as follows:

- Facilitate access for all SCKLS residents to library resources and services.
- 2. Provide assistance in the continuous development of each member library.
- 3. Encourage and assist interlibrary cooperation and resource sharing.

Policy Statements

In January 2009, the Executive Committee considered and authorized the following policy statements which serve as bases for the services and grants that SCKLS offers as well as for its governance structure. These policy statements are presented to give member librarians and others a better understanding of how SCKLS seeks to create equity and allocate limited resources in serving its diverse public, school, academic and special library membership:

- Whenever possible, new SCKLS grants and services should potentially benefit all types of member libraries.
- SCKLS is a multi-type library system serving in some form the needs of all its
 public, school, academic and special members. SCKLS does not provide grants
 and services exclusively for one type or size of library. SCKLS provides grants and
 services to and through its member libraries.
- School districts and other public, academic and special libraries with multiple library sites are recognized as a single entity for membership purposes.
- For eligibility, all SCKLS grants require evidence of local effort either in the form of a cash match or the provision of resource-sharing services or programming.
- For technology matching grants, a member library may receive one grant a year.
 For automation matching grants, a member library may receive one grant every three years.

Section II, Service and Programs

- For continuing education grants, any member librarian, staff, public library board member or Friend is eligible to receive up to \$750 a year reimbursement for eligible continuing education training or classes.
- For interlibrary loan resources sharing grants, any individual school or special member library site that provides at least 50 interlibrary loans annually is eligible for a grant.
- Public and academic library members receive grants-in-aid on the bases of population, interlibrary loans provided to other libraries and the number of registered borrowers served outside their library or institution. In addition, public and academic member libraries receive grants-in-aid because they are open more hours and are more accessible to the general public than school and special library members.
- Public and academic library members are eligible for the Rotating Collections service because they are open more hours and are more accessible to the general public than school library members. Special library members are eligible for the Rotating Collections service because there only three special libraries that use the program and they do not constitute a major demand on the limited resources.
- Continuing Education events and programs are scheduled with consideration to audience, location, time, modes of presentation and other applicable factors to reach target audiences.
- Special library members comprise 3.4% of the total SCKLS membership and while there is no position on the Executive Committee exclusively for special library members, there are two at-large positions for which special library members and others may seek election.

State Library / Regional Library System Goals

The State Library of Kansas, Topeka and the seven Regional Library Systems cooperate and collaborate to improve library services to all the citizens of Kansas. The State Library and Regional Library System Shared Goals for 2010 are listed in **Appendix A.**

SOUTH CENTRAL KANSAS LIBRARY SYSTEM - 2010Section II, Services and Programs

SCKLS Current Year and 2010 Year Goals

In 2008, the SCKLS contracted with the Office of Educational Innovation and Evaluation (OEIE) at Kansas State University, Manhattan to assist in an evaluation and planning process. OEIE administered a survey of SCKLS member libraries in August 2008 and the results of the survey were presented at the SCKLS Semi-annual Meeting and Planning and Evaluation Workshop on October 27, 2008. As part of the presentation, OEIE facilitated a strategic planning exercise with member library participants. According to OEIE, "Overall, the member libraries reported they are very satisfied with how SCKLS is doing." Summaries and reports of the survey and strategic planning exercise can be found at the SCKLS website: www.sckls.info

Major goals for 2010 are as follows:

- 1. Continue to assist and position SCKLS and member libraries to address the economic downturn.
- 2. Establish a SCKLS School Library Media Consultant position if sufficient funds are available
- 3. Continue to evaluate and implement suggestions for improvements to grants and services on the basis of the 2008 evaluation and planning process

Critical to the recent evaluation and planning process was the identified need to be proactive in addressing the changed economy. In December 2008 and given impending reductions in state level and other funding, SCKLS announced its continued financial commitment to its existing seven grant programs. Member libraries gave high priority to SCKLS grant programs. SCKLS grants, which total \$1,137,000 for 2009, benefit public, school, academic and special member libraries. **Despite reduced income for 2010 and because of their importance to member libraries, SCKLS will fund all its 2010 grant programs at existing amounts with no reductions.**

Not only have results from the planning process provided SCKLS with suggestions for improvements, but also helped identify core services. So far in 2009 SCKLS has been able to find cost savings from reduced supplies, postage and printing; salary savings from two open positions; and the deferred purchase of a replacement vehicle. Staff have been asked to identify potential reductions and savings in their respective areas of responsibility. SCKLS has given major focus to the changed economy and how it may affect member libraries. During 2009 a number of continuing education programs related to the changed economy have and will be offered in various locations throughout the service area. Staff are compiling a list of discounts from various vendors that will be posted on the SCKLS website.

Section II, Services and Programs (Current and 2010 Year Goals)

Budget reductions for 2010 are planned to occur in part from the reallocation of monies used for contractual services and capital outlay. Since 2006, SCKLS has been helped by a contingency line item in its budget to address transitions in or new services, and as is currently the case, possible reductions and reallocations in funding. If the economy improves and adequate funding is available in 2010, SCKLS will establish a School Library Media Consultant position to assist member school libraries in areas such as information sharing, training and development. The School Library Media Consultant position was warranted from the 2008 evaluation and planning process and would also allow SCKLS Youth Services and Technology positions to better serve the diverse SCKLS membership.

SCKLS is committed to continuing to develop and implement recommendations from its 2008 evaluation and planning process in future years. As evidenced by its continuous planning and evaluation, surveys of member libraries, and annual goal setting, SCKLS has demonstrated it will address the ongoing and changing needs of all its member libraries.

Workshops are offered each year on a variety of topics and in locations throughout the region. Topics dealing with basic skills as well as trends and innovations in librarianship are covered. New librarians receive an on-site orientation to SCKLS services from the Continuing Education Coordinator. The Director provides orientation and training for new public library trustees. Staff provide additional training in their areas of expertise as requested. A Continuing Education Committee advises the CE Coordinator. The Continuing Education Support Specialist works in cooperation with the CE Coordinator. The Training and Web Development Consultant assists with training and web design.

Hallmarks of the annual SCKLS continuing education program include the following:

Public Library Funding and Governance Workshops Quarterly Book Discussions for Member Librarians Summer Reading Program for Youth Database Trainings Book Repair Workshops Annual November Training Day Quarterly Basic Skills Training (BLaST) Program

To encourage participation in continuing education activities other than those offered by SCKLS, Continuing Education Reimbursement Grants of up to \$750 per member librarian, trustee or Friend per year help pay registration and tuition costs. Eligibility for the program is open to all member libraries subject to grant guidelines.

Staff and resources: The full-time CE Coordinator, with the assistance of one half-time Continuing Education Support Specialist as well as SCKLS consultants and staff, are responsible for development and implementation of the continuing education program and other training events. Section II, Service and Programs (Facility and Grants-in-Aid)

Facility

SCKLS member libraries and library-related groups are encouraged to use the SCKLS facility free-of-charge for meetings and training.

Staff and resources: The CE Coordinator, Human Resources and Financial Specialist and Training and Web Development Consultant coordinate and schedule use of the four meeting and training rooms.

Service guidelines: SCKLS member libraries and library-related groups may use the SCKLS facility for meetings and training. SCKLS will assist in coordinating refreshments and catering for meetings.

Member responsibilities: Member libraries and library-related groups are encouraged to schedule meetings and trainings at the SCKLS facility. SCKLS reserves the right of meeting room use for SCKLS-sponsored events.

Grants-in-Aid

Definition of service: Primary funding for services and programs of the South Central Kansas Library System comes from a tax on all property outside of established public library districts in Barber, Butler, Cowley, Harper, Harvey, Kingman, McPherson, Reno, Rice, Sedgwick, Stafford and Sumner counties. The SCKLS Grant-in-Aid program, which totals \$982,000 annually, partially compensates the 73 public library members of SCKLS for services they provide to registered library borrowers who are not residents of their public library tax district.

In the case of the 14 eligible academic library members of SCKLS, the Grant-in-Aid program compensates them for registered library borrowers who are not enrolled as students or who are not employees of their institution. Beginning in Fall 2008, school and special libraries that provided at least 50 or more interlibrary loans annually were eligible for a grant to partially reimburse them for their resource sharing. In addition to the grants-in-aid programs for public, academic, school and special libraries, SCKLS initiated Library Programming Grants for member libraries in June 2007.

Three factors comprise the formula for the distribution of grants-in-aid to 73 public and 14 eligible academic member libraries:

- (1) a base grant calculated from the population of the library's service area
- (2) a supplemental grant calculated on the basis of the number of registered borrowers outside the library's taxing district or academic institution, and
- (3) a supplemental grant calculated on the number of interlibrary loans provided to other libraries.

Section II, Services and Programs (Grants-in-aid and Interlibrary Loan)

Staff and resources: The Director and Human Resources and Financial Specialist administer the grants-in-aid program.

Service guidelines: SCKLS service population categories and base grants are as follows:

<u>Category</u>	<u>Population</u>	Base Grant
Gateway	Fewer than 500 service population	\$ 2,756
Linking	500 – 1,000 service population	\$ 3,978
Service Center	1,001 – 2500 service population	\$ 4,736
Major Service Center I	2,501- 10,000 service population	\$ 6,770
Major Service Center II	10,001 – 25,000 service population	\$13,828
Major Resource Center I	25,001 – 100,000 service population	\$40,808
Major Resource Center II	More than 100,000 service population	\$66,462

After base grants are calculated, the amount of funds remaining from the total grants-in-aid budget for the year are calculated as supplemental grants. Supplemental grants are calculated on a 50/50 basis for the number of registered borrowers outside the library's taxing district or academic institution and the annual number of interlibrary loans a library has provided to other libraries. SCKLS recommends grants -in-aid be spent by the end of the calendar year in which they are received. SCKLS provides partial reimbursement to public and academic libraries for interlibrary loans and began a new School and Special Libraries Interlibrary Loan Resource Sharing Grant in Fall 2008.

Member responsibilities: As a condition for SCKLS membership, participating libraries agree to provide a free library card and free interlibrary loan services, subject to local borrowing rules, to any individual who requests them and who lives within the 12 county region of SCKLS. Member libraries agree to update or remove inactive borrower registration records every three years. Members are responsible to spend funds according to guidelines and to complete such reports as may be required by SCKLS and the State Library of Kansas, Topeka.

Interlibrary Loan

Definition of service: Interlibrary loan is the state and nation-wide sharing of library materials. Subject to local borrowing rules, a resident of the 12-county SCKLS taxing area may initiate an interlibrary loan request free-of-charge from any SCKLS member library. State and nation-wide sharing of library materials is made possible through the Online Computer Library Center (OCLC), Kansas Library Catalog (KLC), and Kansas Information Circuit Network (KICNET). The KLC, a statewide catalog of library holdings, is used to locate materials that are available in Kansas. The OCLC system is used to locate materials nationwide for member libraries.

Section II, Services and Programs (Interlibrary Loan and Rotating)

SCKLS maintains a Professional Collection, Children's Preview Collection and Book Discussion Collection for use by member libraries. The Professional Collection and Book Discussion Collections are available onsite and through interlibrary loan.

Staff and resources: SCKLS provides one half-time position and access to OCLC and KICNET for member libraries that do not have access to these services.

Service guidelines: SCKLS provides interlibrary loan services and encourages resource sharing among all libraries. SCKLS offers training and support for the delivery of these services to each member library. SCKLS provides grants-in-aid to SCKLS member public, academic, school and special libraries to assist in the partial reimbursement of providing interlibrary loan service to borrowers outside of their taxing district or academic institution.

Member responsibilities: Member libraries are encouraged to provide and promote interlibrary loan services to their users. Member libraries are encouraged to send staff to SCKLS sponsored continuing education activities or request on-site training. Member libraries are encouraged to know and follow state and national ILL protocols and applicable policies and procedures for interlibrary loan service.

Rotating Collections Service

Definition of service: Every seven weeks, the Rotating Collections Service selects and provides public and academic member libraries with loans of westerns, romances, mysteries, large print books, popular fiction, non-fiction, audiocassettes, books on compact disc and Spanish language books. Materials provided by the rotating collections service supplement the collections of public and academic member libraries. A compact disc cleaner and repair machine is available for member libraries to use at SCKLS.

Staff and resources: One full-time staff; one half-time staff and one half-time driver. A rotating collections van is used to make deliveries.

Service guidelines: SCKLS will provide a collection of popular materials to public, academic and special member libraries. School library members are not eligible for the service.

Member responsibilities: Member libraries agree to box rotating collections prior to the delivery of their scheduled rotation. Member libraries agree to meet the rotating collections driver and van at their library according to the rotating collections schedule and to facilitate the exchange of materials.

Section II, Services and Programs (Technical and Youth)

Technical Services

Definition of service: Processing services include assistance with cataloging of library materials as well as discounts on supplies for member libraries. Bulk purchase allows for the resale of discounted processing supplies to member libraries. Ordering is conducted by member libraries primarily through Baker & Taylor Online (BTOL). Catalog card sets and Marc records are provided using OCLC, the Online Center for Library Cataloging. SCKLS answers questions and advises member libraries regarding acquisition, cataloging and processing of library materials.

Staff and resources: Two half-time staff. SCKLS provides access to OCLC, Books-in-Print and other acquisitions and cataloging resources.

Service guidelines: SCKLS provides technical services including assistance with cataloging of library materials as well as discounts on supplies for member libraries. SCKLS maintains access to OCLC and advises on the addition and deletion of bibliographic records to the Kansas Library Catalog. Retrospective conversion of library materials is not provided.

Member responsibilities: Member libraries may use the technical services of SCKLS, their own technical services or other service providers and vendors. Ordering and processing are the responsibility of member libraries as is the deletion of bibliographic records from the Kansas Library Catalog.

Youth Services

Definition of service: A consultant is available to assist librarians with all aspects of service to children and young adults. Consulting includes collection development such as book selection and weeding, workshops and the annual Summer Reading Program. In 2004, a Children's Puppet Play Resource Collection was established. In 2006, Summer Reading Program Grants were begun. If the economy improves and there is sufficient funding for 2010, a new School Library Media Consultant position will be established. The School Library Media Consultant will be responsible for providing a program of services to SCKLS school district member library media specialists.

Staff and resources: SCKLS employs a full-time youth services' consultant to provide assistance in services to children and young adults. One half-time Continuing Education Support Specialist provides support for the SCKLS Summer Reading Program. Kits in the Children's Puppet Play Resource Collection are available for loan. Mystery Notebooks to use with young people in grades 3 to high school are also available to SCKLS members. A Children's Preview Collection is available at the SCKLS Training Facility and Offices. Summer Reading Program grants are available.

Section II, Services and Programs (Youth)

Service guidelines: SCKLS provides assistance to member libraries in the development and evaluation of programs for children and young adults, collection development, storytelling activities and workshops to promote continuing education and training. SCKLS organizes and facilitates the annual Summer Reading Program.

Member responsibilities: SCKLS member libraries are encouraged to participate in training activities and to work with other agencies within the community who also provide services to children and youth. Summer Reading Program Grants are available. Member libraries may schedule use of resources in the Children's Puppet Play Collection and Mystery Notebooks.

Section IV, SCKLS System Board Representatives

SCKLS System Board

The governing body of the South Central Kansas Library System is the System Board. The System Board consists of one representative appointed by the governing body or administrator of each participating public, academic, school and special library. In addition, the System Board is made up of the Executive Committee and a Governor's Appointee from each of the twelve counties in the SCKLS service area.

Each library representative is eligible to serve on the System Board until the governing board or administrator of the participating library, college, university or school district appoints a replacement. The name of each member library's representative should be communicated to SCKLS by June 1 of each year.

The System Board has the authority to pass upon the major policies and philosophy of operation of the system as recommended by the Executive Committee, adopt the tentative annual budget and program of services, elect the Executive Committee and to delegate the Executive Committee such powers and duties as the board may deem appropriate subject to any restriction imposed by law.

The System Board Representative receives all official SCKLS communications related to System Board matters and is eligible to vote on issues that affect the SCKLS membership as a whole. The System Board representative should be interested and be able to attend the SCKLS Semi-annual meetings held the last Monday in April and October.

The following pages identify System Board representatives. To update contact information for your System Board Representative, please e-mail Elizabeth Rankin, Continuing Education Support Specialist, elizabeth@sckls.info.

State Library / Regional Library System Shared Goals for 2010

When federal funds became available for regional library development in 1965, seven regional library systems were established. That year the Kansas Legislature passed a bill which permitted the organization of the seven regional systems of cooperating libraries. The system law (KSA 75-2548 and following) was amended in 1968 by the legislature to allow school and academic libraries to participate in regional systems of cooperating libraries. The law permitted the systems to levy a tax on property within the boundaries of the system that is not taxed for the support of a public library. Librarians and trustees in each region meet annually to determine programs and budgets. The systems continuously develop services to meet the needs of their member libraries. The State Library of Kansas and Regional Library Systems cooperate and collaborate to improve library services to all the citizens of Kansas. The State Library and Regional Library System Shared Goals for the calendar year 2010 are as follows:

Goal #1

Access: Kansans have direct and rapid access to all Kansas library collections.

- Libraries will have an Integrated Library Management (ILS) system that meets the state standards for federated searching (z39.50) and user authentication (NCIP; SIP2)
- Libraries will offer self-initiated interlibrary loan or direct borrowing from other libraries
- A statewide courier service will deliver materials among Kansas libraries

Action steps:

- 1. Each regional library system will review its plan for a system-wide integrated library system by January 1, 2010
- 2. Library Service and Technology Act funds will be used in 2009 and 2010 to implement regional integrated library systems
- 3. Sixty-five per cent of public libraries will have an integrated library system that meets state standards by December 31, 2010
- 4. Fifty per cent of public libraries will provide self-initiated interlibrary loan or direct borrowing from other libraries by December 31, 2009
- 5. Kansas libraries will implement a statewide courier service by January 1, 2010

Appendix A, State Library / Regional Library System Shared Goals

Goal # 2

Continuing Education: Librarians and trustees will have the knowledge and skills to provide excellent library service.

• Deliver instruction in core competencies

Action steps:

- 1. Each regional library system will identify and anticipate continuing education needs on an annual basis
- 2. The seven regional library systems will jointly sponsor a continuing education event on an annual basis
- 3. Each regional library system and the State Library will maintain a link from its continuing education calendar to the cooperative regional library system website on an annual basis.
- 4. The State Library will sponsor an annual statewide core competencies continuing education event

Goal #3

Advocacy: Libraries will be relevant and visible to Kansans.

- Build advocacy skills in librarians, patrons and trustees
- Engage librarians and trustees in advocacy efforts
- Support and disseminate timely responses to issues that have statewide impact
- Support and promote programs that enhance library visibility
- Publicize statewide services

Action steps:

- 1. Each regional library system will provide an advocacy training program for librarians, patrons and trustees by December 31, 2009
- 2. Each regional library system will use the cooperative regional library system website to identify model library promotion activities on an ongoing basis
- 3. Each regional library system will use the cooperative regional library system website to publicize statewide services
- 4. The State Library will identify model library promotional activities and publicize state services on an annual basis

Appendix A, State Library / Regional Library System Shared Goals

Goal #4

On-line Resources: Libraries meet the informational and educational needs of every Kansan through access to a broad array of on-line library resources.

- Collaborate with the library community in the selection of databases
- Provide training to librarians to use on-line library resources
- Promote on-line resources to constituents
- Enhance federated searching
- Provide improved access to on-line resources

Action steps:

- 1. Regional library systems will provide input to the Database Task Force
- 2. The State Library will facilitate training in the use of statewide databases
- 3. Each regional library system will provide training in the use and promotion of statewide databases
- 4. All regional library consortia will link to the statewide databases

Goal #5

Public Library Accreditation: Public Libraries will be accredited according to new state standards.

- Review and revise existing standards
- Provide information to librarians and trustees

Action steps:

- 1. An accreditation program for public libraries will be under development by December 31, 2009
- 2. The accreditation program for public libraries will be facilitated by the State Library and regional library systems
