

Kansas Children's Internet Protection Act Guidance

All Kansas public libraries are required to comply with the Kansas Children's Internet Protect Act (KS-CIPA). The law designates the State Library of Kansas, Topeka as the official administrative authority. *"The state librarian shall establish standards and promulgate rules and regulations for the enforcement of the provisions of this act."* (March 14, 2014)

SCKLS does not purchase, install, or provide technical support for filtering solutions other than *DNSFilter*. While we support *DNSFilter* as a filtering solution, SCKLS does not endorse any vendor.

SCKLS may provide a sample Internet Safety Policy, upon request, by contacting one of the SCKLS staff listed below.

Please refer to State Library of Kansas website for authoritative guidance:

The State Library of Kansas Policy Resources webpage <https://library.ks.gov/librarians/policy-resources> in the **KS Children's Internet Protection Act** section provides an overview of KS-CIPA, links to the law, permanent regulation, policy template and possible filtering options.

Questions should be directed to one of the following SCKLS staff:

- a. SCKLS Director of Information Technology
- b. SCKLS Automation and Technology Services Coordinator
- c. SCKLS Director
